The student's ID: 20120496
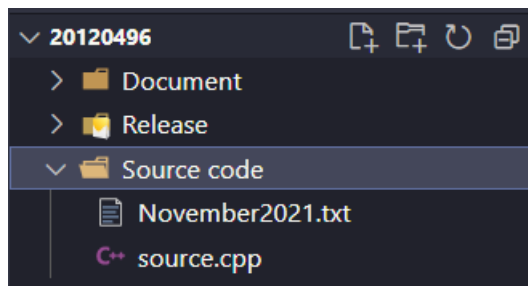

FullName: Nguyễn Cảnh Huy

Completion level: 100%

I have used factory method design pattern in my project and I have completed all the requirements of the project.
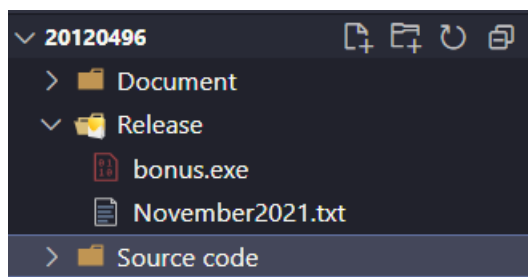

Expected grade: 8/10

Note:

+ In the "source code" folder, there are 2 files "source.cpp" and "November2021.txt" when compiling, it should be noted that there must be a file "November2021.txt" to compile successfully.

+ In the "Release" folder there are 2 files, "bonus.exe" and "November2021.txt" when running the "bonus.exe" file, it should be noted that the file "November2021.txt" must be included for the correct running results.

Results when running with the given example
